Just heard from Deb this morning and there seems to be concern among several ARAs regarding the process and recommendations that the Superfund Managers made in these documents. She is not sure that we hit the mark with the assignment (I am not sure I agree with her). Anyway I passed on the draft doc (has been reviewed by the workgroup) and she is reviewing. We likely won't talk about it at Tuesdays meeting because she indicated she might want the ARAs to get together and talk before the entire SLT discusses. Let's talk when you get in tomorrow.
